

Award for IPC

the Stereo Times

Most Wanted Components 2013
AWARD

Norbert,

Congratulations on winning our prestigious Most Wanted Component Award for 2013. I personally wish that everyone can reach the sonic heights the IPC products have taken my system to. Unfortunately, preconceived notions prevent many from hearing the benefits of these incredible devices. Hopefully, our readers will have the same chance I did and just hear them for themselves. Congrats and talk to you soon!

Regards,
Clement Perry
